IMEP2: ENGINEERING - MATERIALS - ENVIRONMENT - ENERGETICS - PROCEDURES - PRODUCTION

SUPPORT INSTITUTION: Institut National Polytechnique de Grenoble
CO-ACCREDITED INSTITUTION(s): Université de Savoie - Chambéry - Annecy, Université Joseph Fourier (Grenoble 1)

RESEARCH AREAS

Applied Research
- Engineering: design and manufacturing
- Mechanical and material design engineering

INTERNATIONAL

- Number of Doctoral students: 480
- Number of international Doctoral students: 203
- Number of international Doctoral students registered last year: 65
- Courses taught in English
  Possibility to write the thesis in English
  Courses and conferences in English

ADMISSION

- Required degree or level
  Master’s degree or equivalent
- Required language level
  French: A1
  English: B1
- Registration and admission schedule
  - Doctoral subjects on line all the year
  - Applications from September to April
- Funding is compulsory
  Minimum monthly amount: 1000 euros/month
- Specific page on the Doctoral Department’s or the University’s website
  http://edimep2.grenoble-inp.fr

FUNDING

- International joint supervisions
  Total number: 26
  Brazil 9; China 21; Italy 14; Thailand 9; Tunisia 25; Vietnam 16
- Funding sources
  Number of fully funded Doctoral students: 480
  Number of fully funded international Doctoral students: 203
- National funding
  - French Higher Education Ministry (including ANR)
  - University
  - Industry-sponsored contracts (CIFRE)
    Alcan, Areva, ArcelorMittal, EDF, SNECMA, Renault, ST Microelectronics, Soltec,
    - Eiffel scholarships
- Territorial fundings
  - French Regions: 8
- European fundings: 10
- Foreign governments scholarships: 37
- International foundations and networks
  Chaire Perenti
- Other fundings and scholarships

WELCOME SERVICES

- Welcome office within the Doctoral Department
  ED I-MEP2 - Bâtiment PLURIEL - BP 31 - D.U. - 38402 St Martin d'Hères
