In the heart of the first French city to be designated a “Gastronomic City” by UNESCO, French In Normandy has partnered with Campus France and the FAUCHON School to offer a 3-week program that combines French courses, cultural discoveries and exciting workshops in the hotel and restaurant industry. In this program, you will discover the techniques of great chefs, meet producers and gastronomy professionals, while learning the French language.

French + Gastronomy is a program built in the heart of Rouen, a city in Normandy rich in history and culture. Rouen is also the first French city to be designated a “Gastronomic City” by UNESCO. The partnership between Campus France, FAUCHON and French in Normandy/IH Rouen brings together the best of French gastronomy with the reputation of a school that has received the Label Qualité FLE, Study Travel Awards, etc. In addition, the city of Rouen adds an exceptional touch to this program thanks to the wealth of cultural activities offered by the Metropolis and the Region.

As the birthplace of Impressionism, Rouen is one of the French cities with the most historical monuments per
square meter and offers learners an authentic destination full of discoveries. The city is proud of its position as the capital of a region known for its gastronomy and local products.

At the FAUCHON School, you will discover the jobs of great chefs, pastry chefs, chocolate makers... You will meet cheese producers, market gardeners, fishmongers, wine waiters... You will also have the opportunity to discover the hotel industry through visits to prestigious establishments. These encounters and enriching experiences may allow you to better prepare your professional orientation in this exciting sector.

At FRENCH IN NORMANDY / IH ROUEN you will have the opportunity to improve your French through dynamic classes with an action-oriented pedagogy. Our courses will also allow you to discover the French culture. Our team will be at your disposal to accompany you throughout your stay.

Our school, which welcomes students from all over the world, will allow you to meet new people and you will remember it forever.
