Research

University of Burgundy research programs are organized into 6 major groups: Food and environment, Health and molecular engineering, Photonics and Advances Materials, Learning and Care, Heritage and territories, Vine and Wine.

More than 1,000 doctoral candidates (25% from abroad) are enrolled in 29 research units and 4 doctoral schools.

Strengths

The International Centre for French Studies (Centre International d’Etudes Françaises) enrolls more than 1,000 students in French language programs during the summer and academic year. The University provides an excellent technical and digital environment, campus facilities housing more than 40 different athletic activities, and a wide range of social and cultural events and special-interest clubs. Care is taken to ensure that international students become well integrated into student life: welcome days, international week, free French courses at Language centre, tutoring by French students, central office for administrative and regulatory requirements.

Location

The main campus of the Université de Bourgogne is in Dijon, the capital of the Bourgogne-Franche-Comté region. The campus occupies 115 landscaped hectares bordering the city center. With a population of 250,000, the Dijon metropolitan area is 1 hour and 40 minutes from Paris by high-speed train and 2 hours from Lyon. It lies at the intersection of several major highways. Five regional campuses are located in Chalon-sur-Saône, Mâcon, Le Creusot, Auxerre, and Nevers. The Bourgogne-Franche-Comté region is rich in history and culture. Gastronomy and wine-making are among its many claims to fame.
