The "Bienvenue en France" label is awarded to institutions offering international student services that meet standards of quality pertaining to information, reception upon arrival, study aids, campus life, and alumni networking. EMLV Business School École de Management Leonard de Vinci, was awarded the "Bienvenue en France" label at level 2 for four years on 10/11/2020.

EMLV courses encourage individualised student programmes and progressive professional development through 18 months of internships in business and 10 Master's degree specialisations (including five Alternance programmes) in finance and business management, marketing, sales, information systems and data, management and human resources.

Innovation is at the heart of teaching and research at EMLV. Innovation provides managers with hybrid skills that will help them meet the challenges of globalisation and digitalisation. Students at De Vinci Higher Education learn in a modern infrastructure equipped with the latest technology (Bloomberg Suite, Fab Lab, Learning Centre, De Vinci Online...). Students with an entrepreneurial spirit can follow a shared programme with ESILV students and receive support throughout their business creation project, starting in the first year of their course.

EMLV's students' success does not depend solely on the quality of their scientific, technical and vocational training, but also includes a very strong human dimension through inter-school sharing, soft skills training, sports activities, clubs and societies. Each student is provided opportunities to grow as a person, to develop and apply new people skills, and to express their personality and their potential in connection with the changing world around them and recruiters' expectations.
