The "Bienvenue en France" label is awarded to institutions offering international student services that meet standards of quality pertaining to information, reception upon arrival, study aids, campus life, and alumni networking. Ecole Nationale Supérieure de l'Électronique et de ses Applications ENSEA, was awarded the "Bienvenue en France" label at level 1 for four years on 16/10/2019.

Mobility students are provided with accommodation on arrival, benefit from student tutoring, and are all welcomed by the IR team. Student associations quickly integrate foreigners into the student community and into all welcoming activities. Each student in mobility also has a special contact, a regional coordinator (10 in total) who can help in their discovery of the school.
