The "Bienvenue en France" label is awarded to institutions offering international student services that meet standards of quality pertaining to information, reception upon arrival, study aids, campus life, and alumni networking. CIHEAM Montpellier Institut Agronomique Méditerranéen de Montpellier, was awarded the "Bienvenue en France" label at level 3 for four years on.

The vocation of CIHEAM Montpellier is to welcome international Mediterranean students who represent 94% of our students! Our experience of multiculturalism, as well as our size allow us to provide a personalized welcome on the administrative, academic and logistical levels. This almost 60 years of know-how is recognized by the "Bienvenue en France" label. Our strategic priorities revolve around four pillars: zero waste, whether in terms of food, natural resources, or knowledge; sustainable agricultural and food systems; attractive rural areas to live and work there; risk prevention and resolution of tensions. CIHEAM Montpellier is accredited to deliver the French Master's degree. Our international opening is facilitated by the fact that our M2 are modular and capitalizable, credited according to ECTS standards. In addition, we adhere to the European ERASMUS charter.
