JUNIA
SCHOOL OF SCIENCE AND ENGINEERING

The 'Bienvenue en France' Label is awarded to higher education institutions that develop quality-driven services for international students. Such services include comprehensive information, orientation and welcome services, tutoring, campus life, as well as post-graduate support. In addition, a proven commitment to sustainable development and social and environmental responsibility must be provided.

JUNIA is a Graduate School of Science and Engineering. The tie that binds our programs together is a sincere focus on building a sustainable future.

JUNIA focuses on ecological, digital and technological transitions, where students and faculty confront the grand challenges of today and tomorrow:
- Feed the planet sustainably
- Accelerate energy and urban transitions
- Develop digital and industrial transition
- Reinforce health care and well-being technologies
