The "Bienvenue en France" label is awarded to institutions offering international student services that meet standards of quality pertaining to information, reception upon arrival, study aids, campus life, and alumni networking. Institut Catholique de Lille, was awarded the "Bienvenue en France" label at level 2 for four years on 07/04/2022.

A CATHOLIC INSTITUTION FOR THE 3RD MILLENNIUM. Founded in 1875, the Institut Catholique de Lille is a federation of varied institutions of higher education and research, and of institutes in the fields of healthcare, social action, and social medicine, serving its students and the institution community. All of these contribute to the overall life of the institution with an aim of general interest and public utility.

The activities of these institutions have been shaped by human and Christian values since its foundation. The ICLille offers its students an integral learning experience combining self-discovery, solidarity with all living beings, and for those who wish, openness to God. Such an education requires a multidisciplinary approach so that all see themselves as citizens of the world and members of the human family.

Through teaching, research, and care, through resources that make creative innovations possible, and through its student life and the services it offers, the Institut Catholique de Lille continues the reorientation of humanity in love – in "an awareness of our common origin, of our mutual belonging, and of a future to be shared with everyone" (Laudato si', n° 202). The Institution builds on its Catholic origins, combining respect for the dignity of each person with a sense of spatial and temporal wholeness.

In accord with the social dimension in the Gospel, members of the Institution emphasize the call of everyone to live upright lives, free, responsible, and supportive of the present and future common good. Through hope, they believe that every person and every society has the capacity for progress, and refuse the inevitability of failure and exclusion.
