

BRETAGNE

'BIENVENUE EN FRANCE' LABEL

# UNIVERSITÉ DE RENNES

The 'Bienvenue en France' Label is awarded to higher education institutions that develop quality-driven services for international students. Such services include comprehensive information, orientation and welcome services, tutoring, campus life, as well as post-graduate support. In addition, a proven commitment to sustainable development and social and environmental responsibility must be provided.

The University of Rennes, which has its roots in the 15th century, is one of the twelve main French universities. Located in the heart of a city on a human scale, it is only 1h30 from Paris. The University of Rennes is made up of training components, research centres and five grandes écoles which participate in the development and implementation of the University of Rennes' strategy: École des hautes études en santé publique (EHESP), École nationale supérieure de chimie de Rennes (ENSCR), École normale supérieure de Rennes (ENS Rennes), Institut national des sciences appliquées de Rennes (INSA Rennes), Sciences Po Rennes. The University of Rennes is also partnering with the University of Rennes 2, the National School of Statistics and Information Analysis of Rennes (ENSAI) and the Agro Rennes-Angers Institute to pursue and develop joint projects. The national research organisations - CNRS, INRAE, Inria, Inserm - and the University Hospital of Rennes participate as partners in the development and implementation of the scientific strategy of the University of Rennes. Since 2019, it is part of the European alliance EDUC (European Digital UniverCity).
