## ÉCOLE D'INGÉNIEURS

The 'Bienvenue en France' Label is awarded to higher education institutions that develop quality-driven services for international students. Such services include comprehensive information, orientation and welcome services, tutoring, campus life, as well as post-graduate support. In addition, a proven commitment to sustainable development and social and environmental responsibility must be provided.

IPSA is an aerospace engineering school with 2,750 students across Paris, Toulouse, and Lyon. It offers accredited programs in aeronautics, space, and mobilities, recognized by the CTI and EUR-ACE labels. The curriculum emphasizes technical expertise, team projects, and innovation, with specializations in areas like propulsion systems, AI, and embedded systems for drones. Close industry ties with leaders such as Airbus and Thales ensure that 85% of graduates secure jobs in aerospace sectors before graduation. IPSA's international outlook includes partnerships with over 120 universities, fostering a global mindset. Since 2021, IPSA's mission-driven approach focuses on training responsible, innovative engineers ready to tackle tomorrow's challenges.
