## PARIS PANTHÉON-ASSAS UNIVERSITÉ

ISIT is the Grande École for language and intercultural enthusiasts.

multilingual professionals for high value-added positions within companies, international

international organisations and in the public service. Our graduates accompany change, acting as

indispensable interfaces in a diverse, complex, digitalised and constantly evolving world.

ISIT is part of EPEX (Établissement Public Expérimental) Paris-Panthéon-Assas, an public-private partnership that brings together with Paris Panthéon-Assas four leading public schools

in their specialist fields (EFREI, ISIT, CFJ and École W).

ISIT offers six Master's programmes as part of its Grande Ecole programme.

At the end of its Grande Ecole programme, ISIT awards a state-approved Master's degree. After a multidisciplinary first cycle, students who have at least 3 working languages can choose between 5 specialisations: intercultural management, intercultural communication and translation, International Communication and Technology, international strategy and diplomacy and conference interpreting. A double degree in legal linguistics is also offered in partnership with the law faculties of Jean Monnet - Paris Saclay and Panthéon-Assas Paris II universities.

ISIT also offers a Bachelor's degree in International Communication Management and Creative Technology, a double diploma awarded by ISIT Paris and EFREI Paris.

### ◆ MAIN PROGRAMMES OF STUDY

ISIT specializations:

- Intercultural Management
- Intercultural Communication and Translation
- International Communication and Technology
- International Strategies and Diplomacy
- Conference Interpreting
- Lawyer-linguist

A joint bachelor's degree with EFREI Paris:

- Bachelor International Communication Management & Creative Technology.

### ◆ RESEARCH

Research at ISIT: a unique vision of interculturality.

Equipped with a reference research centre, ISIT relies on an international scientific and academic community to develop knowledge and innovation in the fields of multilingualism and interculturality.

Its lines of research are as follows:

- Data analysis and processing, interfaces and multilingual and multicultural environments.
- Multilingual and multimedia intercultural communication.
- Intercultural management and communication in their oral and written dimensions.
- Legal and intercultural communication and analysis.
- Geopolitics and international issues.

### ◆ STRENGTHS

ISIT is a small, intimate school with an international faculty composed of academics and practicing professionals. It is a member of CIUTI, the international conference of university-based institutes of translation and interpretation: FIUC (association of 200 Catholic universities around the world), EMT (European Master's in Translation), a network of master's programs in translation. ISIT also is a member of FESIC, a federation of 27 French schools of management and engineering and of the Conférence des Grandes Écoles (CGE) it has also signed MoUs (Memorandum of Understanding) with the United Nations and the European Parliament.
