KEDGE Business School is member of the very exclusive club of business schools having triple accreditation: AACSB, EQUIS and AMBA. This global institution of business management offers 36 management programs for students and professionals. With 4 campuses in France, 2 campuses in China and 1 in Dakar, KEDGE BS has 12,600 students, 183 permanent faculty, 291 academic partners and 60,000 alumni. ‘Transformation and innovation’ are two main missions.

Companies have a major role in KEDGE BS’s education. They are associated in every step of our students’ curriculum and are an integral part of our ecosystem. They contribute strongly to the employability of our graduates.

The international dimension, research, the development of personal and professional skills, educational innovation and digital transformation are at the heart of the KEDGE BS strategy.

**MAIN PROGRAMMES OF STUDY**

Recognized by French Ministry of Higher Education and accredited by Conférence des Grandes Ecoles (CGE), KEDGE BS offers management programs at both the undergraduate and master levels. KEDGE BS is the only establishment that has two master-level degrees having the special ‘grade master’ recognition: Grande Ecole program (Master in Management) and EBP International. The institution also exports programs abroad.

The main programs:
- KEDGE Bachelor (3 years)
- International BBA (4 years)
- EBP International (5 years)
- Master in Management ‘grande ecole’ program
- Executive MBA
- Executive education

All programs are accessible to international students, through competitive examination or individual application.

**RESEARCH**

1st French School of Management in terms of research output, KEDGE BS published 100 academic articles in 2017. With eight Transformation Cells (Marketing, Supply Chain, CSR, Wine & Spirits, Innovation & Entrepreneurship, Health Management, Finance Reconsidered and Creative Industries & Culture), KEDGE BS is recognized as a multi-specialist school. With a strong faculty of 183 researchers and 635 “CNRS stars” between 2014 and 2017, the impact of research on the ecosystem is at the center of its actions.
