With regard to research, the school has opened seven research centres, using its own global presence to its advantage:

- Finance and Accounting Insights on Risk and Regulation (FAIRR)
- Knowledge, Technology and Organisation (KTO)
- Marketing Interactions (MINT)
- SKEMA Centre for Artificial Intelligence (SCAI)
- SKEMA Centre for Analytics and Management Science (SCAMS)
- SKEMA Centre for Global Risks (SCGR)

The ensemble is completed by an institute devoted to sports and languages — SKILLS (SKema Institute for Languages and Sport).
