# AGROPARISTECH

AgroParisTech  
Talents d'une planète soutenable

**AgroParisTech is the European leading institute of technology for life, food and environmental sciences. AgroParisTech addresses the main challenges of the 21st century: feeding a growing population, sustainably managing territories, preserving natural resources, stimulating innovation and promoting the bioeconomy.**

## ◆ MAIN PROGRAMMES OF STUDY

AgroParisTech offers engineering degrees with 4 specialisation areas :

- Sustainable production, networks, and land
  - Engineering of food products, biomolecules, and energy
  - Environmental engineering and management
  - Engineering and health: man, biological products, and the environment.
- The institution also offers the following programs:
- 16 master degrees taught in French
  - 3 master degrees dedicated to international students :
  - Water, soils, waste treatment and management (GTESD - French)
  - Agriculture, food and environment science and technologies (3A - French)
  - Renewable energy, science and technology (REST)
  - 7 master degrees taught in English :
  - Erasmus Mundus Master in Food Innovation and Product Design - FIPDes
  - European Master in Food studies
  - Climate, land use, ecosystem services - CLUES
  - Forests and their environment - FEN
  - Predictive and integrative animal biology - PRIAM
  - Systems and synthetic biology - SSB
  - Decision Support and Business Intelligence - DSBI
  - 4 Erasmus Mundus Joint Master Degrees :
  - FIPDes (coordinator)
  - Plant Health
  - European Forestry
  - SUTROFOR - Sustainable Tropical Forestry
  - 4 doctoral schools, including ABIES (Agriculture, Food, Biology, Environment, Health), led by AgroparisTech
  - 1 Erasmus Mundus Joint Doctorate: EGS-ABG - Animal Breeding and Genetics (coordinator)

- AgroParisTech Executive programs (advanced professional training)
- 1 Apprentice Training Center
- A 2-weeks Summer University in English in May (in collaboration with Penn State University) : 'Introducing the French Agricultural System'

## ◆ RESEARCH

The central themes addressed by the research studies conducted by the 230 teachers-researchers of AgroParisTech are food production and nutrition, health, health hazards reduction, environmental protection, sustainable natural resources management, and regional development. The teachers-researchers produce and disseminate knowledge in partnership with major research institutes, technical centers, etc. There are 5 education and research departments:

- Agronomy, Forestry, Water and Environmental Sciences and Technology
- Life Sciences and Health
- Science and Engineering for Food and Bioproducts
- Economics, Social Sciences and Management
- Modeling: Mathematics, Informatics and Physics

## ◆ STRENGTHS

- AgroParisTech's size and area of expertise place it among the World's leaders in the field of life sciences (2017 QS Agriculture & Forestry ranking: 3rd in Europe and 9th worldwide)
- Students are given the opportunity to live in residence halls.
- AgroParisTech is a founding member of ParisTech, Paris-Saclay University and Agreenium.
- 24 joint research units
- 153 partnerships with foreign Universities

## ◆ LOCATION

Main site at Palaiseau-91120, 5 sites in other regions (Nancy, Montpellier, Clermont-Ferrand, Reims and Kourou in Guyana).

## IDENTITY FORM

- ◆ **Precise name of the institution**  
AgroParisTech
- ◆ **Type of institution**  
Public institution with a scientific, cultural and professional vocation (EPSCP), placed under the supervision of the Ministry of Agriculture
- ◆ **City where the main campus is located**  
Palaiseau
- ◆ **Number of students**  
2 200
- ◆ **Percentage or number of international students**  
16%
- ◆ **Type and level of qualifications awarded**  
Master-level degrees: engineering degree, master - Specialized masters - Doctoral programs
- ◆ **French language courses**  
Yes
- ◆ **Programs for international students**  
Yes - 3 master degrees dedicated to international students: coordination or participation to 4 Erasmus Mundus Joint Master Degrees
- ◆ **Programs in English**  
Yes - 7 English taught master programs: doctoral programs
- ◆ **Registration fees/year (for information only)**  
From 256 euros to 15 000 euros depending on the program
- ◆ **Postal address**  
22 Place de l'Agronomie CS 20040 (91120 Palaiseau Cedex)
