The Ecole Spéciale des Travaux Publics, du Bâtiment et de l’Industrie (ESTP Paris) was founded in 1891 as a private higher education institution and officially recognized by the State in 1921. Today it has the legal form of a non profit making association with a status of public interest by the French government. ESTP Paris is an associate member of the higher education & research cluster (COMUE) UNIVERSITE PARIS EST. It also belongs to the ‘n+i network’.

Distinctive features are: close links to industry, strong international relations, emphasis on equal opportunities & sustainable development.

**MAIN PROGRAMMES OF STUDY**

The ESTP Paris offers a large variety of programmes at different levels

- a two year diploma in construction site management
- one year bachelor degrees (with Cnam) in construction site management and design bureau
- master’s degree in Nuclear Civil Engineering
- "diplôme d’ingénieur - master’s degree", with 5 possible specializations: Building Engineering / Public Works / Topography-Geomatics / Mechanical-Electrical Engineering / Energy Efficiency in Buildings
- 10 one year professional specializations after a master’s degree leading to an institutional diploma “mastère spécialisé” in topics linked to construction, real estate, BIM, ...
- PhD degrees
- International programmes
- Various Continuing Education programmes for adult professionals

**RESEARCH**

The ESTP Paris research activities are carried out in the framework of the "Constructibility Research Institute". ‘Constructibility’ being defined as the ‘Study to optimize, right from the design of a project, the best construction or rehabilitation strategy for the civil engineering works or buildings. It takes into account the construction data and parameters and past experience to achieve the objectives and optimize the means, the costs and the delays. « To do more with less ».’

**STRENGTHS**

- In France, the ESTP Paris trains the biggest student flow for the construction industry (45,000 alumni, 28,000 in activity, 2,600 students)
- intensive courses & weekly refresher courses in French as a foreign language
- A help desk for administrative and pedagogical assistance
- An international student association that assists foreign students with a buddy system
- On campus housing & student restaurant

**LOCATION**

A seven hectare campus at Cachan (in the inner suburbs of Paris), where teaching and research activities are organized. The Cachan campus is on the direct line of express trains, the «RER B», which directly connects the Roissy Charles de Gaulle and Orly airports and the Gare du Nord.
