

BIOT SOPHIA ANTIPOLIS

# EURECOM

**EURECOM is a renowned French Graduate School and Research Center in Digital Sciences. The School is organised as a consortium bringing together leading International Universities from various countries: Institut Mines Télécom, Aalto University, Politecnico di Torino, TU Munich, NTNU, Chalmers University of Technology and Czech Technical University.**

**EURECOM benefits from a strong interaction with the industry. Its consortium brings together the following companies: ORANGE, BMW Group Research & Technology, Symantec, SAP, IABG and an institutional partner: the Principality of Monaco.**

## ◆ MAIN PROGRAMMES OF STUDY

EURECOM is the unique French engineering school whose curriculum is entirely taught in English:

- 4 Master of science degrees in Digital Security, Internet of Things, Mobile Computing Systems and Data Science and Engineering
- 1 Master in Engineering degree
- 1 Post Master's degree in Computer and Communications security.
- Phd study programs in collaboration with accredited doctoral schools

## ◆ RESEARCH

EURECOM's research activity is organized around three main fields:

- Digital Security
- Data Science and Engineering
- Communication Systems

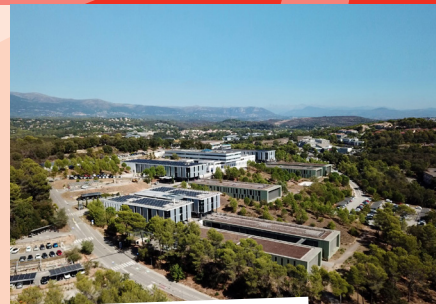

## ◆ STRENGTHS

- An unparalleled study environment (French Riviera and at the heart of European Silicon Valley in Sophia Antipolis, largest techno park in Europe).
- Individual support for each student (accommodation, administrative follow-up...)
- Teaching in English from a world-renowned faculty

- Paid internships in companies, very strong links with the industry,
- Scholarship opportunities available

## ◆ LOCATION

EURECOM is located at the heart of Sophia Antipolis, Europe's largest techno park, a hotbed for internship and job opportunities.

## IDENTITY FORM

- ◆ **Precise name of the institution**  
EURECOM
- ◆ **Type of institution**  
Private, with partial State Funding.
- ◆ **City where the main campus is located**  
Biot Sophia Antipolis
- ◆ **Number of students**  
400
- ◆ **Percentage or number of international students**  
70
- ◆ **Type and level of qualifications awarded**  
Master of science degrees  
Post Master's degree  
Master in Engineering  
PhD program at EDITE Paris
- ◆ **French language courses**  
Yes - An intensive program of French language courses takes place in September. Weekly French classes are organised throughout the year.
- ◆ **Programs for international students**  
Yes - All the courses are opened to foreign students.
- ◆ **Programs in English**  
Yes - The entire curriculum is taught in English.
- ◆ **Registration fees/year (for information only)**  
Master of Science (2 years): 6000€ (EU)  
12000€ (non EU)  
Post Master's degree: 6000€ (EU)  
12000€ (non EU)  
Master in Engineering: 2900€/year
- ◆ **Postal address**  
EURECOM - Campus SophiaTech CS  
50193 06904 Sophia Antipolis Cedex
