

PESSAC-TALENCE

BORDEAUX INP

Bordeaux INP is composed by 5 Graduate Schools of Engineering composing the core of the Institute and 3 Graduate Schools of Engineering under collaborative agreement* :

- **ENSEIRB-MATMECA (Electronics, Computer Science, Telecommunications, Mathematics and Mechanics)- ENSC (Cognitics) - ENSTBB (Biotechnology) - ENSCBP (Chemistry, Physics and Biology) - ENSEGID (Environment, Georesources and Sustainable Development) - Bordeaux Sciences Agro* - ENSGTI* (Industrial Technologies) - ISABTP* (Civil Engineering)**

Bordeaux INP is a member of Aquitaine Community of Universities and Institutions.

◆ MAIN PROGRAMMES OF STUDY

- 19 engineering Programs (Master Degree)
- Biotechnology
 - Chemistry&Physics
 - Food Science
 - Cognitive Science
 - Electronics
 - Computer Science
 - Telecommunication
 - Mathematics and Mechanics
 - Environment, Georesources and Sustainable Development
 - Agronomy
 - Chemical Engineering
 - Energetics
 - Civil Engineering including 6 programs by apprenticeship
 - Embedded electronics Systems
 - Materials
 - Structure and Composites
 - Food Industry
 - Cadre dirigeant d'entreprise agricole

◆ RESEARCH

The research policy of the IPB is built around research laboratories. 11 of these laboratories are under the joint-supervision of the IPB, the Universities of Bordeaux 1 and Bordeaux Victor Segalen, the CNRS and the INRA. Research teams also run in partnership with the INRIA.

◆ STRENGTHS

- 8th at Usine Nouvelle Ranking of best French Engineering Schools
- 10th at Industrie & Technologie most innovative French engineering schools
- 3200 student of which 320 foreign students
- 19 programs 6 of which by modern apprenticeship
- Placement: average 14 month
- 1 International Master taught in English
- 12 research laboratories
- more than 60 student club less than 1,5 month for 1st job after graduation
- a network of 16 000 graduated students
- more than 120 partners institution over 5 continents: double degree, placements, FITEC programs (BRAFITEC, MEXFITEC, ARFITEC)

◆ LOCATION

Classified by UNESCO as World Heritage city, Bordeaux takes advantage of an unique localization, close to the Atlantic ocean, Basque Country, Pyrenées mountains and only 3hours by high speed train from Paris, and in a near future the new high speed railway will reduce this travelling time to only 2hours.

IDENTITY FORM

- ◆ **Precise name of the institution**
Institut Polytechnique de Bordeaux
- ◆ **Type of institution**
Bordeaux INP is a Public Higher Education Institution.
- ◆ **City where the main campus is located**
Pessac-Talence
- ◆ **Number of students**
3 200
- ◆ **Percentage or number of international students**
10%
- ◆ **Type and level of qualifications awarded**
Engineer Degrees in 19 specializations but also specific degrees such as Master of Sciences.
- ◆ **French language courses**
Yes - French for Foreigners is offered as second language for foreign students Free course (1h30 per week)
- ◆ **Programs for international students**
Yes
- ◆ **Programs in English**
Yes - Bordeaux INP offers 4 full English taught programs- 3 at ENSCBP (Master 2 level) January-March - 1 Master Software verification at ENSEIRB-MATMECA
- ◆ **Registration fees/year (for information only)**
Engineer Degree: 629.10€ (2013-2014) + social insurance 211€
- ◆ **Postal address**
Avenue des Facultés - CS 60099 - 33405 Talence FRANCE
