ITECH LYON

CHIMIE DES POLYMÈRES ET MATÉRIAUX

(TEXTILE, CUIR, PLASTIQUE, FORMULATION)

ITECH Lyon trains engineers in the field of polymers and their applications, in particular in plastic materials, textiles, composites, chemistry (through paints, inks, adhesives and cosmetics) as well as in leather and its uses (shoe making, leather goods).

ITECH is a member of the *Conférence des Grandes Écoles* and of the *Institut Polytechnique de Lyon (IPL)*.

ITECH's degrees are accredited by the *Commission des Titres d'Ingénieur (CTI)* and by *EUR-ACE (European Accreditation for Engineering)*.

◆ MAIN PROGRAMMES OF STUDY

Become a creator of future products in the sectors of sports and leisure, luxury goods (leather, cosmetics), automobiles, aeronautics, construction, and more.

- An Engineering Master Degree program, with different majors to choose from: formulation chemistry (paints, inks, adhesives, cosmetics): plastics, textiles, leather.

Possibility of following the full program in English.

- 1-year undergraduate specialization: Advanced technician in cosmetics and formulation of colored products.

- 1-year specialized master (Mastère Spécialisé): 4 different programs alternating between school/project or company assignments.

- IPL Summer School:

5 weeks from mid-June to mid-July focusing on polymer applications in materials.

French language courses (40 hours), small-group practice (50 hours), plus cultural excursions and more.

◆ RESEARCH

Corporate partnerships: ITECH Entreprises (an ITECH subsidiary) manages:

- Mutually agreed contracts with corporations
- Participation in national and European consortia on themes including life-cycle analysis, recycling, reclaiming obsolete materials, lightening of structures

◆ STRENGTHS

The students get a highly professionalizing education:

- 3 internships during their curricula
- A mandatory international experience
- At least 1 exchange semester in a partner university
- The End of Studies internship can take place in France or abroad, and generally in a company.

ITECH is one of the only engineering schools offering specialization in the fields of:

- Leather and its application on leather goods manufacturing, mainly for the luxury good industry
- Plastic Materials and their application in the automotive, packaging or sports fields
- Formulation Chemistry applied to Paints, Inks, Adhesives or Cosmetics
- Textile applications, technical or traditional

All these specialities allow the students to be quickly operational after graduation, whether this be in the automotive, aeronautical, sports, luxury, packaging or medical sectors...

◆ LOCATION

ITECH is located in the Lyon metropolitan area, a major European center and capital of France's Rhône- Alpes region. Lyon is a lively university city with a rich historic heritage (the city is a UNESCO world heritage site) and a strong manufacturing presence.

The Textile department is located in Roanne (80 km from Lyon), a city rich in history and very strongly linked to the industry of the sector.

IDENTITY FORM

◆ Precise name of the institution

ITECH Lyon

◆ Type of institution

Association loi 1901, non-profit private institute

◆ City where the main campus is located

Lyon

◆ Number of students

500

◆ Percentage or number of international students

5%

◆ Type and level of qualifications awarded

Master Degree - Engineering degree
- Specialized Masters - 1 Year Undergraduate degree

◆ French language courses

Yes - French as a Foreign Language courses are organized for all foreign students who haven't any knowledge in French.

◆ Programs for international students

Yes - Member of n+i network. We allow foreign students to benefit from the Cultural or Linguistic Integration Package organized by n+i in order to prepare for their stay in France.

◆ Programs in English

Yes - European Section : 3-year engineering program (Master's Degree) in English

-

Summerschool IPL : summer engineering program

◆ Registration fees/year (for information only)

Engineering Master Degree : 7800 euros

-

Specialized Masters from 8000 to 11000 euros

-

PPC: 5000 euros

-

Summer school: 2150 euros

◆ Postal address

87, chemin des mouilles - 69134 Ecully Cedex, France
