IMT Atlantique is a member of IMT (Institut Mines-Télécom), the number one group of public engineering and management higher education institutions in France. Its mission is to combine digital technology, energy and environmental sciences to contribute to developments in industry and society. Thanks to the excellence of its teaching, innovation and research activities, IMT Atlantique is recognized as a world-class Technological University in the most prestigious international rankings (Shanghai, QS, THE).

◆ MAIN PROGRAMMES OF STUDY

International Masters of Science taught in English
- Process and Bioprocess Engineering (PBPE)
- Management and Optimization of Supply chains and Transport (MOST)
- Nuclear Engineering (NE) (Energy Production/ Waste Management/Medical Applications)
- Information Technology (IT) Data science, Architecture and engineering for the IoT/ Communication system and network engineering

Erasmus Mundus European Joint-Masters Courses
- Management and Engineering for Environmental and Energy Engineering (ME3+)
- Safe and Reliable Nuclear Applications (SARENA)

Post-Graduate Professional Certificates in Information and communication technologies and Renewable marine energy.

French Summer School
Intensive French language and culture courses
PhD Programs

◆ RESEARCH
Partnerships with France’s major research organizations, including INSERM and CNRS. Fields of excellence: Digital technologies, energy and environment.

◆ STRENGTHS
Close links with industries High employment rate after graduation.
Top-excellence research collaborations, cutting-edge labs, equipment and facilities
Worldwide network of prestigious academic partners

Campus life Green and peaceful campuses, on-campus student housing guaranteed, sports facilities, clubs.

Special services for international students
Welcome week, intensive French language and intercultural courses - Small classes and active teaching methods; minimum 6-month paid internship in company or lab, “Bienvenue en France” label with *** awarded by Campus France

◆ LOCATION
IMT Atlantique spans three campuses in France.
Brest is located on the extreme West part of France (Brittany). The campus is located on the seaside and is considered as one of the most beautiful in France.

Nantes is France’s sixth-largest city, and has been awarded several prizes for its quality of life. Nantes is located just 35mm from the Atlantic coast, 2 hours from Paris.

Rennes is Brittany’s capital city and one of the main students’ cities in France. It is also renowned for its beautiful medieval center.

(IDENTITY FORM)
◆ Precise name of the institution
IMT Atlantique - FRANCE
◆ Type of institution
Public
◆ City where the main campus is located
Brest, Nantes, Rennes
◆ Number of students
1945
◆ Percentage or number of international students
> 30%
◆ Type and level of qualifications awarded
Masters of Science in Engineering, International Masters of Science, Co-accredited Masters, Specialized Post-Masters, PhD programs, Short programs

◆ French language courses
Yes - French Summer School (1 month during the Summer)

◆ Programs for international students
Yes - Contact: international@imt-atlantique.fr

◆ Programs in English
Yes - International Masters of Science, online application

◆ Registration fees/year
(for information only)
Tuition fees vary according to the program and student’s profile

◆ Postal address
Campus de Brest, Technopôle Brest-Iroise, CS 83818, 29238 Brest Cedex 3 FRANCE - Campus de Nantes, 4 rue Alfred Kastler, BP 20722, 44307 Nantes Cedex 3 FRANCE - Campus de Rennes, 2 rue de la Châtaigneraie, CS 17607, 35576 Cesson Sévigné Cedex FRANCE
