

CAEN - LE HAVRE - ROUEN

# NORMANDIE UNIVERSITÉ

Normandie Université is a Community of Universities and Establishments (ComUE) gathering three multi-disciplinary universities (Universities of Caen, Rouen and Le Havre), two graduate schools of engineering (ENSICAEN and INSA) and one architectural school (ENSA). Normandie Université organizes the territorial coordination of the higher education and research institutions at the Normandy level in terms of education, research and transfer strategies. Designed to be inclusive, Normandie Université develops strong links with the socio-economic and cultural worlds consolidating its territorial anchorage while pursuing its worldwide ambitions through cooperation at an international level. To get a much stronger visibility at the international level, and to enhance the attractiveness for researchers and students, Normandie Université and its members implement an international strategy.

## ◆ MAIN PROGRAMMES OF STUDY

The 6 founding members of Normandie Université together with the 6 associated members offer access to a very complete range of degree programmes in every discipline area.

## ◆ RESEARCH

Normandie Université supports the development of research in the region by defining and coordinating **5 centres of excellence in research activities** : Energy and Materials, Biomedical and Chemistry, Humanities and Society, Digital Sciences, Land and Sea Continuum.

## ◆ STRENGTHS

- **Attractive services for incoming and outgoing mobility**
- Partnerships with high ranking worldwide universities
- Participation in **9 CNRS Associated International Laboratories**

- **A technology transfer office:** Normandie Valorisation
- **Student Entrepreneurship:** to encourage and to support student entrepreneurship, the Program PEPITE (« Pôle Etudiant Pour l'Innovation, le Transfert et l'Entrepreneuriat ») is operated by Normandie Université and ranked 2<sup>nd</sup> at the national level in 2016.
- **An attractive territory: 1st French energy area and 1st French maritime coastline,** Normandy has **strong industrial skills** in automobile, aeronautic, nuclear, pharmacy, cosmetic and electronic sectors.

## ◆ LOCATION

Normandy is localized in between two strategic metro areas, Paris and London. It is set up on three medium size cities, Caen, Rouen and Le Havre. Characterized by **an exceptional cultural and historical heritage**, including the name « Normandy » known throughout the whole world, all in a very high quality environment, Normandy is at the heart of the development of the Seine Valley.
