

PARIS (FRANCE)

RÉSEAU N+I ENGINEERING INSTITUTES

Network 'n+i' gathers 50 French Engineering Institutes of higher education (Grandes Ecoles d'Ingénieurs). Network "n+i" trains highly qualified, multilingual engineers who can lead effectively on international projects in a multicultural environment.

Network "n+i" programs cover all fields of science, technology and engineering with various duration from 10 days programs up to doctorate (and masters). www.nplusi.com

Since 1998, Network 'n+i' welcomed and trained 3 000 international engineers (masters) of 80 different nationalities (and 40 % of women).

The common point of these programs is to train, to the most recent technologies, the engineers and the decision-makers with international vocation to meet needs of companies, institutions, organizations.

◆ MAIN PROGRAMMES OF STUDY

- Engineering Sciences
- Aerospace
- Automobile, Transport
- Civil engineering, Architecture
- Sustainable development
- Agriculture
- Biotechnologies
- Environment
- Computer Sciences
- Electronics, Electrical
- Telecom
- Materials
- Physics
- Chemistry, Chemical Engineering
- Production, Industrial, Mechanical
- Applied Mathematics

◆ RESEARCH

All fields of Engineering in a broad sense: with 50 members, 'n+i' can always find a research laboratory working on a specific domain.

◆ STRENGTHS

A single application offers access to 50 Engineering Institutes and to a complete assistance.

- Preparation of a study plan: On-line catalogue of training, personalized interviews, MCQ.
- Path to success personalized.
- Cultural Integration Package (PIC): Personal assistance and follow-up from the arrival in France up to graduation.
- Linguistic Integration Package (PIL): Intensive French courses in France before the engineering training.
- Methodological Integration Package (PIM): A period of methodological, academic and linguistic adaptation as a part of the engineering training.
- Relation with companies, and professional training.

◆ LOCATION

The 50 engineering institutes members of Network 'n+i' are spread over all regions of France.

IDENTITY FORM

- ◆ **Precise name of the institution**
Réseau n+i
- ◆ **Type of institution**
French non-profit association.
- ◆ **City where the main campus is located**
Paris (France)
- ◆ **Number of students**
25 000
- ◆ **Percentage or number of international students**
20%
- ◆ **Type and level of qualifications awarded**
PreMasters - Masters - Post-Master - Fier - DOC (pre-Doc), Doctorates
- ◆ **French language courses**
Yes - Intensive French classes proposed to students in specialized centres.
- ◆ **Programs for international students**
Yes - 'Paths to success' packages for international students.
- ◆ **Programs in English**
Yes - Depending upon the engineering institutes and upon the training selected.
- ◆ **Registration fees/year (for information only)**
Extremely variable regarding of the trainings. From 1300 euros per year.
- ◆ **Postal address**
7 avenue de la Porte de Vanves - 75014 Paris - FRANCE
