

# RÉSEAU POLYTECH POLYTECH GROUP

The Polytech Group is a national network of 15 graduate schools of engineering within France's leading science universities. These schools award the French "diplôme d'ingénieur" (equivalent to an MSc.) which is a national degree recognized by the French Ministry of Higher Education and Research. A 'diplôme d'ingénieur' entitles the holder to enroll in a doctoral programme, or to start professional life.

For more details on the Polytech Group, please visit: <http://www.reseau-polytech.org>

## ◆ MAIN PROGRAMMES OF STUDY

12 scientific fields for 100 specialties

## ◆ RESEARCH

160 research units

## ◆ STRENGTHS

- . Solid scientific and technological basis
- . Human science, economics

## IDENTITY FORM

- ◆ **Precise name of the institution**  
Fondation Partenariale Polytech
- ◆ **Type of institution**  
Partnership Foundation
- ◆ **Number of students**  
16 300
- ◆ **Percentage or number of international students**  
12%
- ◆ **Type and level of qualifications awarded**  
Master degree, engineering degree
- ◆ **French language courses**  
Yes - French language courses offered to non-french speaking students
- ◆ **Programs for international students**  
Yes - Polytech France : [http://www.polytech-reseau.org/fileadmin/GridElements/Brochures/reseauPolytech\\_polytechFrance\\_30012019.pdf](http://www.polytech-reseau.org/fileadmin/GridElements/Brochures/reseauPolytech_polytechFrance_30012019.pdf)
- ◆ **Programs in English**  
Yes - Some master programs are in English
- ◆ **Registration fees/year (for information only)**  
601 € in 2018-2019
- ◆ **Postal address**  
Adresse administrative :  
Fondation partenariale Polytech  
A Polytech Nantes  
Rue Christian Pauc  
44300 Nantes
