Université Paris-Est is a cluster of institutions of higher education and research, known as a PRES. Its legal status under French law is that of a public institution of scientific cooperation, or EPSC. Space for multidisciplinary cooperation The cluster draws its strength from the diversity of its member institutions. Universities, grandes écoles (postsecondary schools of engineering and management), research organizations and laboratories, and a competitiveness cluster come together to create synergies from the convergence of their resources and missions around a common commitment to excellence. Recognized throughout the world, Université Paris-Est brings together in a single setting multidisciplinary research and general, technical, and professional education. 3 main clusters Université Paris-Est consists of scientific clusters around three principal themes of great social and economic importance:
- Managing urban environments
- Health and society
- Imaging and media

◆ STRENGTHS
2 universities 8 grandes écoles 5 research organizations 50 laboratories and research units 1 competitiveness cluster
- A strong sense of common purpose and identity
- High-quality equipment and facilities
- A rich and dynamic cultural life
- A policy of openness toward foreign doctoral candidates and research scholars

◆ LOCATION
Université Paris-Est operates in two main sites in metropolitan Paris: Créteil and the Cité Descartes. The eastern half of the Île-de-France region is the site of numerous economic initiatives that affect its 1.5 million inhabitants and 600,000 jobs. Université Paris-Est includes all of the area’s public institutions of higher institution and research, focusing their efforts and raising their visibility.

◆ Precise name of the institution
PRES Paris Est
◆ Type of institution
Public institution of scientific cooperation (EPSC)
◆ City where the main campus is located
Paris
◆ Number of students
45,000 étudiants dont 1,400 doctorants
◆ Percentage or number of international students
52% de doctorants étrangers
◆ Type and level of qualifications awarded
Licence Master Doctorate Specialized masters (maîtrises spécialisés) Engineering degree (diplôme d’ingénieur)
◆ French language courses
Yes
◆ Programs for international students
Yes
◆ Programs in English
Yes
◆ Postal address
Université Paris-Est - Cité Descartes - 5 boulevard Descartes
Champs-sur-Marne - 77454 Marne la Vallée cedex 2
