

CORTE

UNIVERSITÉ DE CORSE PASQUALE PAOLI

Founded in 1765 and reopened in 1981, the Pasquale Paoli University is the only university in Corsica, in the heart of the Mediterranean. It has 5,000 students and welcomes more than 300 international students from 60 nationalities every year. Strongly committed to international development, it is linked by exchange programs to more than 100 institutions, and has also created RETI, a network of 28 island universities around the world. The university campuses are located in Corte, the historic capital of Corsica, at the foot of the mountains and 40 minutes from the sea. The research centres are located in Corte, Ajaccio, Bastia and Cargèse.

◆ STRENGTHS

The University of Corsica: an ideal study environment in the heart of the Mediterranean and Europe

Corte, a small town on a human scale is the ideal setting for student life. The 2 university campuses are interlinked in the city and have state-of-the-art facilities such as a Fab Lab. The University of Corsica offers free access to concerts and plays and offers various sports activities, swimming, baseball, skiing, kayaking, hiking...

Corsica Corsica offers an exceptional setting to study and learn French, while discovering the Mediterranean culture and identity and a Corsican language close to Italian. There are many opportunities for discovery: historical heritage, museums, cultural festivals, beautiful cities and villages, exceptional natural sites... Corsica is a very green island with 25 rivers, km 4000² of forest and scrubland, 120 mountain peaks exceeding m2000 in altitude and the mythical GR20. Not to mention the km 1000 of rocky coasts, gulfs or beaches with turquoise waters.

◆ LOCATION

Corsica is a French island located in the heart of the Mediterranean Sea, in Europe, km 170 from the French coast and km 80 from Italy. Corsica is reached by plane (1h30 from Paris, 2h from London, 1h30 from Barcelona etc) or by boat from the French or Italian ports (6h from Nice, 4h from Livorno, etc) Corsica enjoys a privileged Mediterranean climate with 300 days of sunshine per year.
