

PAU

UNIVERSITÉ DE PAU ET DES PAYS DE L'ADOUR

- A multidisciplinary university
- An ideal working environment
- Scientific research at international level
- A university firmly rooted in its region
- A university open to the world
- 5 campuses

◆ LOCATION

One of the particular features of UPPA is its location close to the Spanish border, between the mountains and the ocean, on 5 campuses on a very human scale: Anglet, Bayonne, Pau, Mont-de-Marsan and Tarbes.

IDENTITY FORM

◆ MAIN PROGRAMMES OF STUDY

The University of Pau and Pays de l'Adour (UPPA) is a multidisciplinary university which covers three major areas of study:

- Law, Economics, Business, Management
- Science and Technology (Mathematics, Chemistry, Physics, Computer sciences, Geosciences, Life sciences, Engineering Sciences)
- Literature, Languages, Arts, Social Sciences and Humanities and Sport
- 2 engineering schools
- 2 university institutes of technology (IUTs),
- 1 university school of management (IAE)

◆ RESEARCH

With 18 research units associated with research bodies such as the CNRS, INRA and INRIA, research at UPPA covers 5 strategic themes:

- Environment and materials
- Geo-resources
- Aquatic environments and resources
- Justice and territories
- Areas, borders and blending
- and one transversal and multidisciplinary theme: energy, environmental and social transitions.
- 2 Doctoral schools

◆ STRENGTHS

UPPA has formed relationships with local institutional and industrial partners, making it a major player in the economic development of southern Aquitaine 'I-SITE LABEL'

UPPA has been awarded University of Excellence with its project 'E2S: Energy Environment Solutions'. In the framework of this label, UPPA aims at increasing its international attractiveness through different actions:

- development of English as a teaching medium
- support to outstanding students

- ◆ **Precise name of the institution**
Université de Pau et des Pays de l'Adour
